

**UNITED STATES OF AMERICA
BEFORE THE
FEDERAL ENERGY REGULATORY COMMISSION**

PJM Interconnection, L.L.C.) Docket Nos. ER15-623-000
) EL15-29-000

**MOTION TO INTERVENE OF THE
AMERICAN GAS ASSOCIATION**

Pursuant to Rule 214 of the Rules of Practice and Procedure of the Federal Energy Regulatory Commission (“Commission”), 18 C.F.R. § 285.214 (2015), the American Gas Association (“AGA”) hereby moves to intervene in the above-captioned proceedings. In support thereof, AGA respectfully states as follows:

I. COMMUNICATIONS

All pleadings, correspondence and other communications filed in this proceeding should be served on the following:

Andrew K. Soto
American Gas Association
400 North Capitol Street, NW
Washington, DC 20001
(202) 824-7215
asoto@aga.org

Michaela R. Burroughs
American Gas Association
400 N. Capitol Street, NW
Washington, DC 20001
(202) 824-7311
mburroughs@aga.org

II. IDENTITY AND INTERESTS

The AGA, founded in 1918, represents more than 200 local energy companies that deliver clean natural gas throughout the United States. There are more than 71 million residential, commercial and industrial natural gas customers in the U.S., of which 94 percent – more than 68 million customers – receive their gas from AGA members. AGA is an advocate for local natural gas utility companies and provides a broad range of programs and services for member natural gas pipelines, marketers, gatherers, international gas companies and industry

associates. Today, natural gas meets almost one-fourth of the United States' energy needs. For more information, please visit www.aga.org.

AGA member companies provide service to, and take service from jurisdictional pipelines that provide service to, natural gas-fired electric generators, including generators located in the footprint of PJM Interconnection, L.L.C. – the entity whose proposed tariff changes are at issue in this proceeding. AGA members, therefore, have a direct and substantial interest in tariff provisions of PJM Interconnection, L.L.C. that may affect the provision of natural gas service to gas-fired generation, including generation in the PJM footprint. 18 C.F.R. § 385.214(b)(2)(ii).

III. CONCLUSION

Wherefore, the American Gas Association respectfully requests that the Commission grant this motion to intervene and allow AGA to become a party to these proceedings with all of the rights appropriate to that status.

Respectfully submitted,

/s/ Andrew K. Soto
